

PLAINFIELD PUBLIC SCHOOLS

Building / Facility Contractors

The Plainfield Board of Education requires appropriate insurance and licensure of vendors prior to work on school buildings or facilities.

A copy of a certificate of insurance indicating a minimum liability coverage of 1 million dollars (\$2,000,000 aggregate) must be provided. The Board may grant blanket approval of a vendor used on a regular basis, however. The insurance certificate must be filed with the Superintendent of Schools annually.

Contractors must be licensed by the State of Connecticut.
