

BOARD MEMBER AUTHORITY AND POWER

All powers of the Board of Education derived from the State Statutes are granted in terms of action as a group. The Board of Education will make its members, the district staff, and the public aware that only the Board acting as a whole has authority to take official action. Individual Board members exercise authority over district affairs only as they vote to take action at a legal meeting of the Board.

It is contrary to the spirit of the Statutes for any Board member to seek individually to influence the official functions of the school district. The Board of Education and its individual members will deal with administrative services through the Superintendent and will not give orders to any subordinates of the Superintendent either publicly or privately, but may make suggestions and recommendations.
